## **SBM COMPLETES CONTRACT FOR MANUFACTURING, ASSEMBLY, SUPPLYING AND INSTALLING A 1500KVA GENERATOR SET FOR FOOD FACTORY PROJECT IN VINH LONG.**

SBM has just completed the contract for manufacturing, assembly, supply and installation of a 1500KVA generator set for a food factory project in Vinh Long, through a Japanese M&E contractor in Vietnam.

The generator set is branded SBMPOWER, powered by Cummins diesel engine, paired with NIDEC LEROYSOMER alternator, and controlled by a British DEEPSEA system.

The generator set is integrated with a soundproof canopy manufactured by SBM, tested in compliance with Vietnamese Standard TCVN 9729:2013, and successfully load-tested on-site at 110% capacity. The total contract value settled was over 5.6 billion VND.
